What parents can do

- Talk with your children about drugs.
- Be a part of their lives.
- Know where your children are and what they're doing.
- Set clear rules and enforce them fairly.
- Set rewards for following rules.
- Keep lines of communication open.
- Be a good example for your children.
- Teach your children how to refuse drugs.
- Make your home safe/Safely store and monitor medications, alcohol, and marijuana in your home.

What the school can do

- Health curriculum
- Adults in the school that students can talk to (both confidential and non-confidential)
- School wide messaging
- School wide conversations
- School prevention groups (i.e Raiders Against Destructive Decisions)

What the community can do

- Listen2yourselfie
- Above the influence
- Partnership for drug free kids
- Prevention Wins Coalition

What students can do

- Prevention groups
- Talking to their friends about why they don't use
- Supporting each other for not using

Brainstorm

- Take a few minutes to discuss some actions items. What do you think parents, school, community and students can do to help students make choices not to use drugs?
