www.seattlefoundation.smapply.org - Local organization that prioritizes supporting youth to reach their highest potential and increase access to higher education for students pursuing a variety of education paths, whether it be universities, community colleges or technical schools.

<https://lendedu.com/blog/weird-scholarships/> - This site features thousands of small and unique scholarship opportunities. The goal is to help students find less competitive awards tailored to their personality, interests and career goals.

www.thewashboard.org - Scholarship search engine specifically for Washington State students.

<http://www.wiche.edu/wue> - Western Undergraduate Exchange program – site provides information about the reduced tuition opportunities at participating state schools in the Western region – can reduce the cost of out-of-state tuition at participating public universities.
